PROFESSIONAL SUMMARY

Fresher with hands-on experience in Python programming, process automation, and computer vision. Strong foundation in data structures, algorithms, and object-oriented programming. Quick learner with a practical approach to building real-world projects and contributing to team goals.

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL
- **Tools & Technologies:** Git, GitHub, UiPath Studio
- **Concepts:** Data Structures & Algorithms, Object-Oriented Programming

PROJECTS

Eye-Controlled Mouse

May 2025 - Jul 2025

- Developed a hands-free mouse control system in Python using iris landmarks detected via MediaPipe FaceMesh and OpenCV; mapped eye gaze to screen coordinates to control cursor movement, left/right clicks, and scrolling.
- Applied a moving-average smoothing algorithm using deque to stabilize jittery iris coordinates; implemented blink detection via eyelid landmark distance to trigger left-click and right-click actions with cooldown timers.

AI Voice Assistant

Feb 2025 - Apr 2025

- Built a Python-based voice-controlled desktop assistant that executes natural-language commands for web browsing, Wikipedia searches, joke generation, screenshot capture, and internet speed testing

INTERNSHIPS

EduSkills Foundation

Sep 2023 - Nov 2023

RPA Developer Intern

Virtual

- Completed RPA Developer virtual internship under EduSkills/UiPath; learned core RPA concepts including workflow design, activity sequencing, and process automation using UiPath Studio.
- Built an Invoice Automation Bot using UiPath Studio and Python that extracts fields from PDF invoices, validates data, and logs records into Excel automatically; published to GitHub with full documentation.

Wadhwani Foundation

Oct 2024 - Dec 2024

Employability Skills Virtual Intern

- Completed structured virtual training in workplace communication, problem-solving, time management, and collaborative teamwork; earned certification in employability skills from Wadhwani Foundation.

EDUCATION

Institute of Aeronautical Engineering

2022 - 2026

B. Tech, Electronics and Communication Engineering

Hyderabad, India

- **GPA:** 7.39/10.0

Sai Veda Junior College

2020 - 2022

Intermediate (MPC) | 955/1000

Hyderabad, Telangana

Shivaji Vidya Peeth School

2020

CBSE | 411/500

Hyderabad, Telangana

CERTIFICATIONS

- Coursera – RPA Basics and Introduction to UiPath
- HackerRank – SQL
